(a) Random Forest Accuracy vs Number of Trees
Classification Accuracy (%)
Number of Decision Trees (N_{est})
Train Accuracy (100% Fit)
Validation Accuracy
Test Accuracy
Final Test: 74.7%
(b) Empirical Overfitting Gap ($Acc_{train} - Acc_{test}$)
Generalization Discrepancy (%)
Number of Decision Trees (N_{est})
Generalization Gap (Train - Test)
Final Gap: +25.1%
